

TORONTO EAST HEALTH NETWORK

President & Chief Executive Officer

Michael Garron Hospital | Toronto East Health Network

Nestled in the heart of East Toronto, Michael Garron Hospital (MGH), as a keystone of the Toronto East Health Network (TEHN), is a vibrant 450-bed community teaching hospital serving one of Canada's most diverse communities. For more than 90 years, we have delivered high-quality, patient-centred healthcare services to more than 400,000 people in 22 distinct neighbourhoods. In 2023, MGH will celebrate the opening of our new eight storey Ken and Marilyn Thomson Patient Care Centre. This transformational project will forever change the hospital and the care it provides to our community in keeping with our strategic vision of Great Care Inspired by Community.

Michael Garron Hospital is an anchor partner in the East Toronto Health Partners (ETHP), one of Ontario's first Ontario Health Teams (OHTs). Serving East Toronto, ETHP is a group of more than 50 community, primary care, home care, hospital and social services organizations in East Toronto working together to create an integrated system of care across our communities. Collectively, ETHP is responsible for providing care and support to the 400,000 individuals who live in East Toronto communities, as well as an additional 75,000 clients who get their care here. Clients, families and caregivers are partners in every aspect of the development of ETHP. We work together to improve the way people in East Toronto find and get care.

MGH|TEHN's Board of Directors is recruiting a visionary leader to serve as the organization's next President and Chief Executive Officer (CEO). Fulfilling an integral role in the growth and operational excellence of the organization, the CEO will oversee the implementation of strategic priorities and establish a collegial working relationship with the Board, Senior Leadership Team, and the broader MGH family of staff to animate and realize MGH|TEHN's Mission, Vision, and Values. Dedicated to improving the health status of the diverse populations touched by the work of MGH|TEHN, the CEO will further establish a strong presence in the community and cultivate collaborative relationships with internal and external stakeholders to meet clinical and operational objectives in order to enhance patient care and equitable service delivery. The CEO will boldly foster a culture of innovation and empower people to lead transformation internally and with community partners.

As a trusted and credible senior health system leader with a progressive track record in complex healthcare organizations, the ideal candidate possesses the ability to lead and execute transformational strategic directions, and demonstrates the ability to foster a positive workplace culture that embraces innovation and enhances staff, volunteer and physician engagement. The preferred candidate will be adept at navigating government channels, and will have the presence and passion to advance MGH | TEHN's current and future redevelopment projects, working collaboratively with the Michael Garron Hospital Foundation. Possessing an abiding passion for the community and patient-centred care, as well as an affinity for and understanding of a community teaching hospital, the CEO champions community partnerships, motivates and empowers all within the organization, and instils confidence in the public at large. A Masters degree in Business Administration / Health Care Administration or related equivalent discipline is preferred.

To apply for this outstanding opportunity, please submit your application and related materials to Jim Stonehouse, Partner or Pamela Colquhoun, Partner via Kathy Luu, Associate (kluu@boyden.com).

Michael Garron Hospital | Toronto East Health Network (www.tehn.ca) is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, and members of sexual minority groups and others who may contribute to further diversification of ideas. All qualified candidates are encouraged to apply; however Canadian citizens and permanent residents will be given priority.
